PHONE: 636-937-3330  
FAX: 636-937-3386

Good Earth Tools is a growing, successful, medium sized industrial manufacturer. We have been in business since 1964, and are located approximately 35 miles south of St. Louis. Good Earth Tools exists to create partnerships with our customers, and deliver to them the very best!

We have an open position for a **Mechanical Engineer** who will be responsible for performing duties in the areas of research, design and manufacturing of various industrial products. These duties are (but not limited to) participating in product design reviews, creating production drawings for the shop floor, creating bills of material and product routings, selecting / sourcing various materials, and using SolidWorks as design software.

**Requirements:** Bachelor degree in Mechanical Engineering with two years experience in a manufacturing environment. Knowledge of SolidWorks, or some other parametric 3-D design software, is of great benefit.

Good Earth Tools has an outstanding benefits package including health insurance, profit sharing retirement plan, quarterly performance bonus, and a team environment. Please respond in confidence directly through email at [jobs@goodearthtools.com](mailto:jobs@goodearthtools.com) or submit resume to the HR Department P.O. Box 66, Crystal City, MO. 63019, and no calls please EEOC
